Real Green Payment Processing

"All-Inclusive" Approach to Payments

Real Green Payment Processing is your trusted partner, dedicated to making payment processing simple, secure and worry-free for you and your customers.

"All-Inclusive", Flat Rate Pricing

Straightforward pricing means accepting credit cards including American Express.

Stress Free Chargeback Management

Mitigate losses due to retrievals and chargebacks with a streamlined dispute management process, including automated email notifications.

Eliminate Hidden or Unexpected Fees

No need to worry about fees for set up, monthly minimums, statements, tokenization, PCI compliance, chargeback, or batches.

Safeguard Online Payments

Real Green Payment Processing is secure and PCI compliant. Give customers peace of mind and let them know payments are made with software designed to protect personal information.

Added Integration & Functionality

- Fully integrated Credit Card and eCheck payments through SA5
- Credit Card and ACH Account Updater Technology
  » Minimize failed payments due to expired information with new account updater technology which can automatically update expired cards on file without contacting the customer
- ACH Verification Technology
  » Minimize returned ACH payments with an integrated verification tool that validates account information

Transparent, Easy-to-Understand Billing
