

Payment Processing With Global Payments

Increase sales, revenue and cash flow with frictionless payment processing through our partner, Global Payments. You'll collect more money and increase customer satisfaction by making payments simple – **grow your sales 55% faster with easy payments on a single, accessible platform.**

Increase Customer Satisfaction

The simpler you make it for customers to pay, the happier they will be. 85% of field service customers prefer to pay with credit cards – improve customer satisfaction and increase loyalty by providing easy, safe payment options.

Flat Rate Pricing

One flat rate for all credit cards means no surprises when it comes time to settle up.

Full Processing Transparency, No Hidden Costs

With no tiered pricing, chargeback holds, or unnecessary fees for PCI compliance, batching or statements, payment processing with Global Pay makes your cash flow more predictable.

Safeguard Online Payments

Payments through Global Payments are safe, secure and PCI compliant. Give your customers the peace of mind of knowing that their personal information is protected.
